9. QUESTION: (INCLUDE SCENARIO IF NEEDED FOR CLARITY):

Certification periods for households consisting of all adult members who are elderly or disabled persons may be certified for up to 24 months, provided household circumstances are expected to remain stable.

The CWD shall have at least one contact with these households every 12 months. The contact may be in the form of a telephone interview, an in-office interview or some form of a written report.

(a) If children are part of a household in which all other adult members are elderly or disabled, the household may be certified for up to 24 months.

Is the 12 month contact still required? If so is it only required for a household who just has elderly/disabled members? If a call needed if the household has children?

10. REQUESTOR'S PROPOSED ANSWER:

I have no proposed answer. The ACL and waiver did not address the 12 month contact. We need to be able to give clear direction to staff.

11. STATE POLICY RESPONSE (CFPB USE ONLY):

Yes. If children are part of a CalFresh household in which all other adult members are elderly or disabled, the county may certify the household for up to 24 months when the household circumstances are expected to remain stable. The 12-month contact by telephone, face-to-face interview at the household's option, or a written report is also required for these households. The county shall have at least one contact with these households every 12 months as they would for households that contain elderly/disabled household members only.
